

Ohio Dominican University
Introduction to Student Athlete Data
National Collegiate Athletic Association (NCAA)

The Office of Institutional Effectiveness & Planning at Ohio Dominican University has prepared data regarding the enrollment and academic success (graduation rates) of student athletes. These data are compared to all students enrolled at the University who are in the same category. The NCAA requests that enrollment data reflect the following criteria:

- “Student athletes” are first-time, full-time freshmen enrolled at the University during the specified academic year (fall and spring terms) who are receiving any form of athletic financial aid.
- “All students’ are first-time, full-time freshmen who are enrolled at the University during the specified academic year (fall and spring terms).

In addition, the NCAA requests that academic success, graduation rate, data reflect the following criteria:

- Four (4) academic years of student athlete graduation data are presented by gender and sport. The “N” is the total number of students who graduated from ODU within either four or six (6) years in the categories specified. For example, two (2) white, female basketball players who began as first-time, full-time freshmen on some form of athletic financial aid in the 1998-99 academic years graduated from ODU within four or six years. The “%” represents the proportion, or percent, of all student athletes within the specified category who graduated from ODU within four or six years. So, if one (1) white, male baseball player who entered the University in 1998-99 is shown to be 33%, this means that he was the only one of a total of three (3) white, male baseball players who graduated that began at ODU as first-time, full-time freshmen on some form of athletic financial aid in 1998-99.
- The “4-class” is merely the summation, or total, of the four cohorts presented.

Please feel free to bring any questions regarding these data to either the ODU Athletics Office or the Office of Institutional Effectiveness & Planning.

All full-time students enrolled Fall 2007-08

(Only student-athletes receiving athletics aid are included in this report.)
